

VITA ACADEMY
We live education.

For Dentists and Dental Technician.

VITA AKZENT® Plus, VITABLOCS® TriLuxe forte, VITA ENAMIC®

VITA Materials Hands-On Training: Turning Innovation into Clinical Excellence

This course focuses on a live clinical demonstration performed on an actual patient, providing participants with real-world insights into modern restorative workflows. The program covers block selection, indications, preparation design, live preparation, digital designing and milling, fit evaluation, post-milling finishing, bonding protocols, margin finishing and patient instructions. Additionally, hands-on training includes Akzent Plus staining on Triluxe Forte and polishing of an Enamic crown to enhance clinical confidence and material handling skills.

Instructor Dr. Rohit Gupta - Clinical course Instructor
Kapil Chhabra - Technical Instructor
