Design meets Efficiency

VITA SMART.FIRE® ADVANCED

The compact and modern furnace for dental practices and laboratories with space for bridges with up to 14 units.

Attractive

State-of-the-art design and intuitive operation

Compact

Compact design with large firing chamber

Efficient

Safe firing process, thanks to controlled linear cooling

The furnace:

VITA SMART.FIRE® ADVANCED

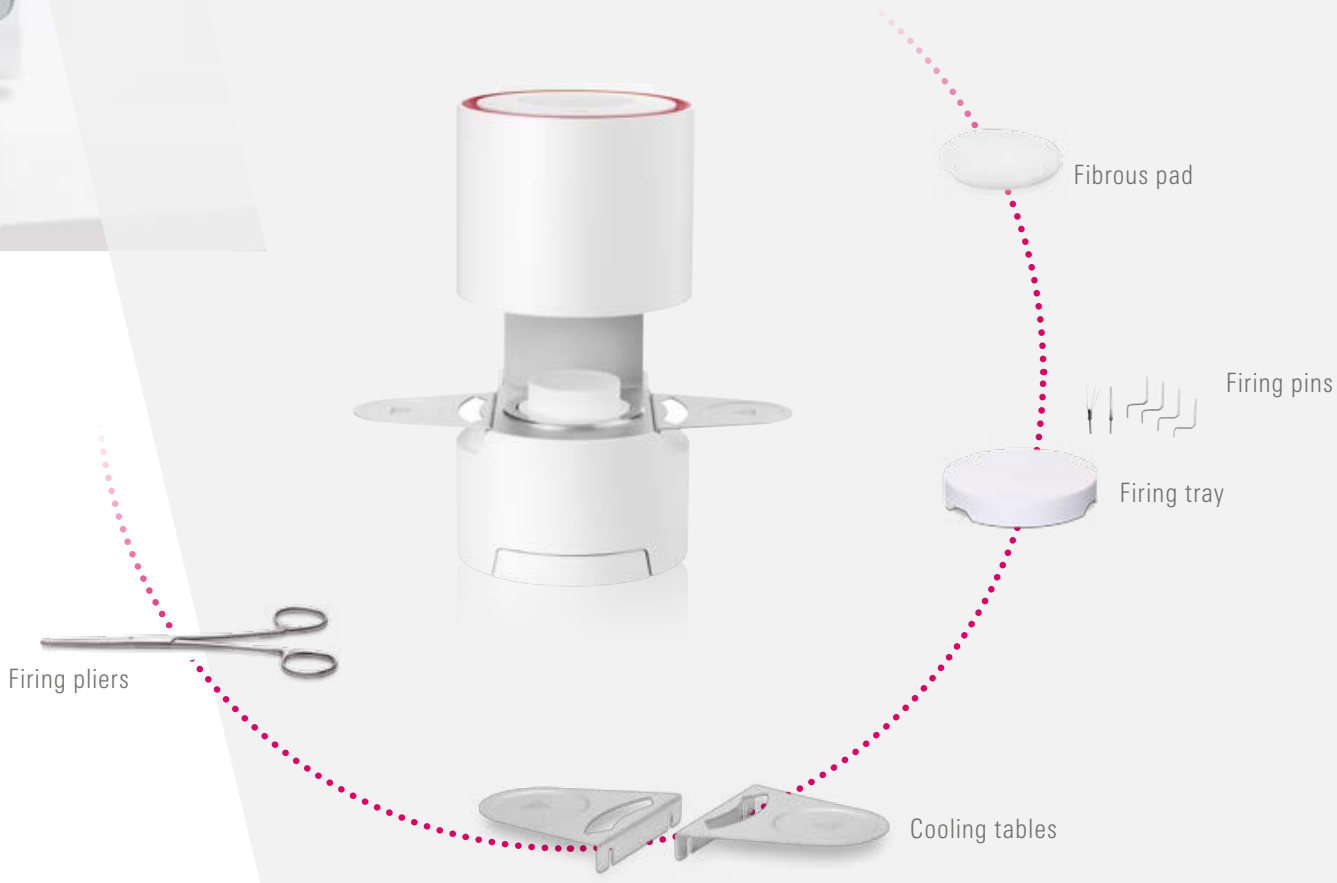
Attractive. Compact. Efficient.

Bring design and added value to your business.

The VITA SMART.FIRE ADVANCED combines ultra-modern design with impressive firing quality. Thanks to its compact design, it even offers ample space for 14-unit bridges – making it ideal not only for your practice, but also for all laboratories.

Experience an intuitive, user-friendly operation with an integrated accessory set at your fingertips at all times, thanks to the convenient accessory drawer.

Perfect your workflow with the modern VITA SMART.FIRE ADVANCED.



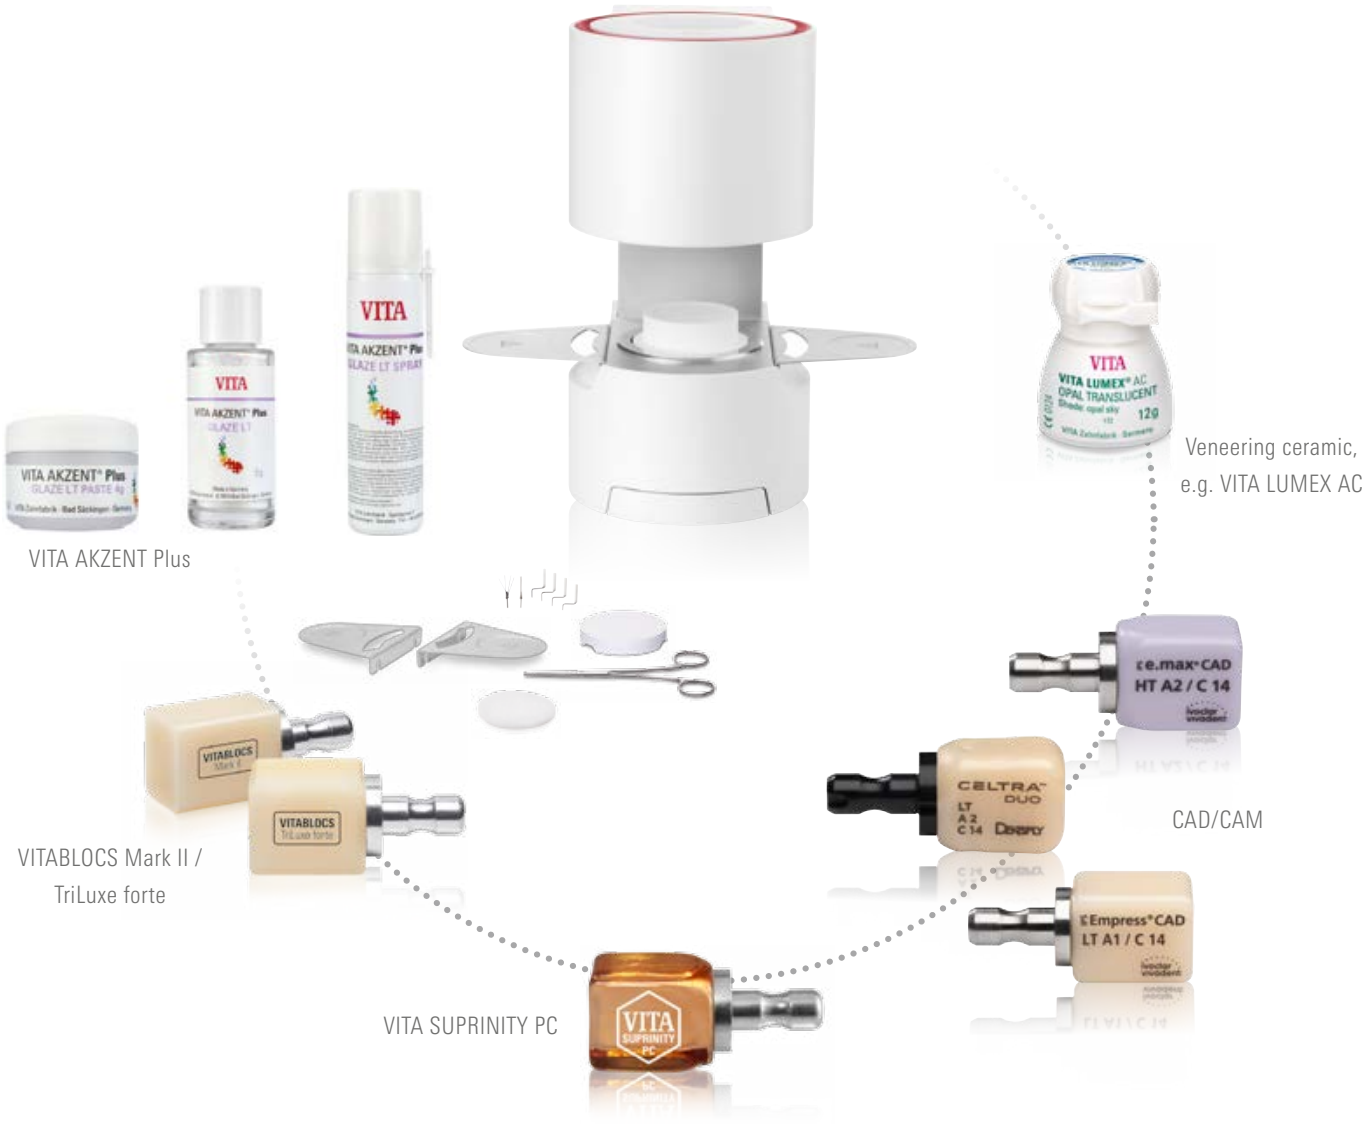
For all common materials.

VITA SMART.FIRE® ADVANCED furnace

With firing temperatures of up to 1200 °C,
the VITA SMART.FIRE ADVANCED is suitable for

- veneering, crystallization, glaze-, stain- and corrective firings
- crystallization firings with and without vacuum

Thanks to the preprogrammed firing programs,
which are optimised for VITA ceramic materials,
it not only offers efficient processing, but also esthetically pleasing results.



VITA vPad excellence

- Control unit with preinstalled programs for all common materials
- High-resolution 10-inch touch display for simple operation and top image quality
- Intuitive operating concept for material selection and program start in one step
- 11 customizable profiles
- Software-based assistance function for supported step-by-step firing
- Control of up to four firing units using a single control unit
